- (b) To serve as an educational textbook for tourism students by providing *tourism information, world travel map with data and other travel guide materials* to make tourism studies more informative and meaningful.
- (c) To provide a comprehensive *World Travel Guide* together with 47 pictures and 482 worldwide illustrations of well-known tourism places in support of rating exercise as well as *Seven Wonders of the World*.

Whilst every care has been taken to compile the information technology at the time of publication but certain environmental changes or unforeseen circumstances may affect its accuracy, thus no responsibility can be accepted for any errors or omissions.
