EDITORIAL COMMENTS ON SKIING, DIVING, CAMPING:

Skiing refers to outdoor winter sports with proper skiing facilities and amenities provided whereas diving includes both scuba diving and snorkelling with clear water suitable for viewing abundant under-world marine life and finally, camping means mountains trekking with proper facilities and assistance available to participants. Rating is based on the standard of facilities and amenities provided and above all, the physical conditions or environments suitable to undertake such activities.

The above information serves as a guide only. Travellers are advised to consult their local travel agents or their respective sports associations before embarking on their journey.
